

## COMPLETE WATERPROOFING & PROTECTION SOLUTIONS

DESIGNED TO PROTECT AND IMPROVE THE STRUCTURAL  
INTEGRITY OF BUILDINGS AND PREMISES

**TIKIDAN**  
Building together

**TIKIDAN** is a manufacturer with an extensive range of products aimed at covering different technical requirements for building, such as water tightness, heat and acoustic insulation, energy saving, etc.

In addition, evaluating the sustainable use of resources and the environmental impact of the building, form part of the criteria that drive new product development and the design of new construction systems, whether for new builds or restoration.

- Flat Roof – Insulated**
- TIKIFOAM SPF (PU Foam) / DANOPREN (XPS) range of Thermal Insulation
  - DANOCOAT IM 600 (Polyurea) / DANOCOAT I-500 (Polyurea) / TIKIPLAN TPO / HYDROSTOP (APP) range of waterproofing
  - DANOCOAT PAS / TIKI FLASH for UV Resistant coating
  - TIKISEAL Joint Sealants
  - TIKIFLEX for expansion joints treatment and ancillaries

- Flat Roof – Non-Insulated**
- DANOCOAT IM 400 (Polyurea) / TIKI AQUASEAL (PU) / HYDROSTOP (APP) range of waterproofing
  - DANOCOAT PAS / TIKI FLASH for UV Resistant coating
  - TIKISEAL Joint Sealants
  - TIKIFLEX for expansion joints treatment and ancillaries

- TIKI AQUASEAL (PU) / DANOCOAT I-500 (Polyurea) / HYDROSTOP GARDEN (APP) range of Waterproofing
- DANODREN range of Drainage and protection
- TIKISEAL Joint Sealants
- TIKIFLEX for expansion joints treatment and ancillaries

- DANOCRET I-PROTECT FLEX / DANOCRET 2K ELASTIC (Cementitious) / TIKI AQUASEAL CWP (Crystalline) / DANOCOAT IM 600 (Polyurea) range of waterproofing
- TIKISEAL Joint Sealants and ancillaries

- Confined - TIKI HYDROSEAL (HDPE) / TIKIPLAN T-LOCK (PVC) / SELFDAN ISP 2 (SBS) range of Waterproofing
- Unconfined - SELFDAN IPE PLUS (SBS) / DANOCOAT IM 400 (Polyurea) / DANOCOAT I-500 (Polyurea) range of Waterproofing
- DANODREN range of Drainage and Protection
- TIKISWELL for construction joints treatment and ancillaries

- TIKI HYDROSEAL (HDPE)/ TIKIPLAN T-LOCK (PVC) / POLYDAN 4 BASEMENT (SBS) range of Waterproofing
- TIKISWELL for construction joints treatment and ancillaries

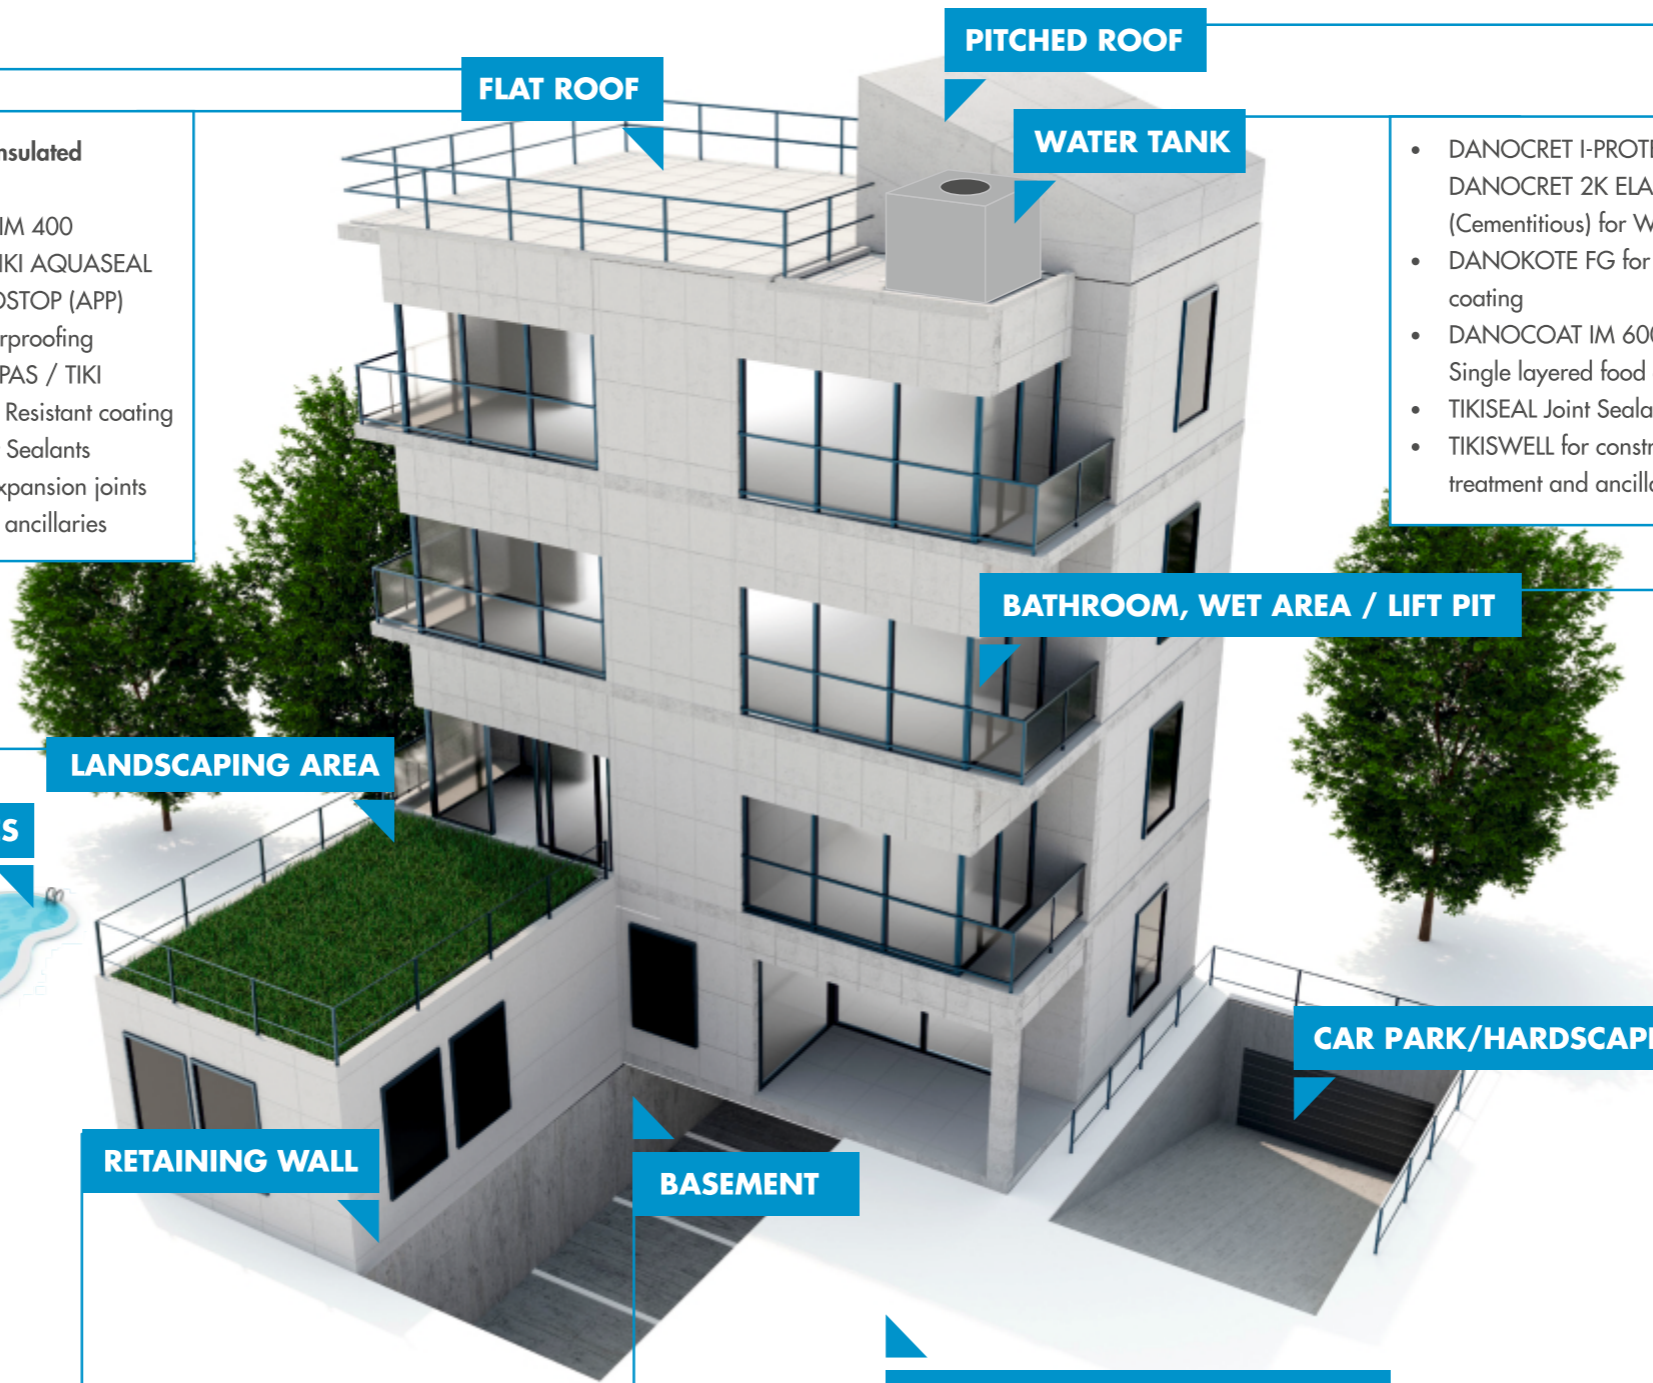

- STP / ETP**
- DANOCRET I-PROTECT FLEX / DANOCRET 2K ELASTIC (Cementitious) for Waterproofing
  - TIKI ECT for protective coating
  - DANOKOTE EP Single layered acid or alkali resistance lining
  - TIKISEAL Joint Sealants
  - TIKISWELL for construction joints treatment and ancillaries

- DANOCRET I-PROTECT FLEX / DANOCRET 2K ELASTIC (Cementitious) for Waterproofing
- DANOKOTE FG for Food grade coating
- DANOCOAT IM 600 (Polyurea) Single layered food grade lining
- TIKISEAL Joint Sealants
- TIKISWELL for construction joints treatment and ancillaries

- TIKI AQUASEAL ARR (Acrylic) / HYDROSTOP (APP) / SELFDAN (SBS) range of waterproofing
- TIKISEAL Joint Sealants and ancillaries

- DANOCRET I-PROTECT FLEX / DANOCRET 2K ELASTIC (Cementitious) / TIKI AQUASEAL CWP (Crystalline) / TIKI AQUASEAL (PU) range of waterproofing
- TIKISEAL Joint Sealants and ancillaries

- DANOCOAT IM 600 (Polyurea) / DANOCOAT I-500 (Polyurea) / POLYDAN 48P PARKING (SBS) range of Waterproofing
- TIKISEAL Joint Sealants

**FLAT ROOF**

**PITCHED ROOF**

**WATER TANK**

**BATHROOM, WET AREA / LIFT PIT**

**LANDSCAPING AREA**

**WATER BODIES**

**CAR PARK/HARDSCAPE**

**RETAINING WALL**

**BASEMENT**

**SEWAGE TREATMENT TANK (UG)**
